2012 Performance Context Data

The Performance Context Data installation program installs the following data sets:

- ✓ 2011 Peer Deposit Data (2000 Census)
- ✓ 2011 Peer Deposit Data (2010 Census)
- ✓ 2012 Business Demographic Data
- ✓ 2012 Projected Demographic Data
- ✓ 2011 Peer Small Business Data

Note:

The new data source for the Projected Demographic Data is the **American Community Survey**. Therefor this year the numbers will match the 2010 census values, in future releases it will reflect the current official census values for the given year.

In order to use these data sets you should be running CRA *Wiz* and Fair Lending *Wiz* 6.7 or later, and Microsoft Windows 2000 or later.

To install Performance Context data, follow these steps:

1. After downloading the update, locate and double-click the **2012PerformanceContextData** installation file.

The installer displays the **Welcome** screen.

2. Follow the directions for each of the following screens.

Installation Instructions
